

**KDHE/Bureau of Waste Management**

**785-296-1600**

The KDHE Bureau of Waste Management has **launched a new website** this week to support the ***Get Caught Recycling*** campaign.

Check it out at <http://www.getcaughtrecycling.org/>

Thank you for your responses to the Friday Facts. Here are the answers to your questions:

**Q. What about Recycled Ink & Toner Cartridges for my home? (Winona)**

A. Check out The Kansas Business and Industry Recycling Program Directory to search for places to drop off cartridges. To purchase recycled, just ask for recycled options at your favorite store. For instance:

Office Depot sells a wide range of remanufactured toner cartridges and also operates a national program to collect used laser and inkjet cartridges for remanufacture. So don't throw that empty cartridge away...bring it to your local Office Depot when you stop by to purchase your replacement.

A drop box in the entryway of each Best Buy store allows people to drop off old cell phones, inkjet cartridges and rechargeable batteries for recycling. The same drop box provides self-mailer envelopes and labels for people who wish to send in their old inkjet and toner cartridges from home.

**Q. The Corporate Express contact information was not on your last Friday Facts email, how can I reach this Kansas vendor? (Meranda)**

A. For Corporate Express, just visit <http://www.eway.com> to order new remanufactured cartridges to return used cartridges. [Netmail2500-kansas@cexp.com](mailto:Netmail2500-kansas@cexp.com)  
For Cartridge King, visit [www.cartridgekingks.com](http://www.cartridgekingks.com). For additional information or questions e-mail [tom@cartridgekingks.com](mailto:tom@cartridgekingks.com).

Keep the questions coming!
